SERVING FAMILIES SINCE 2003

Bringing Families Together

Pre-Screened (& Handpicked) Referrals

Georgia's Dream Nannies is a referral agency specializing in full and part-time nannies and other domestic help for the home. As a full-service nanny agency, Georgia's Dream Nannies does it all. We **handpick applicants** based on families needs. Georgia's Dream Nannies handles everything such as reviewing applications, interviewing applicants via phone and in-person, narrowing down selection of applicants for your position and so much more. There are different levels of background checks as part of our full service offering. We pre-screen every applicant before anyone comes to your home. A parent meets between one to three applicants after Georgia's Dream Nannies intensive interviews. Once you select one of our prescreened applicants, we conduct the final level of exhaustive background checks.

Georgia's Dream Nannies continues to update and interview new applicants weekly. Our in depth application and interviewing process of both the family and applicant help us make successful matches consistently. We strive to help applicants understand the profession by providing thorough guidance through book and research suggestions, interview counseling, orientations, application and resume recommendations, questionnaires, workshops, and support groups.
